BEFORE YOU PROCEED

Please be sure to switch off any "form auto-complete" function in your browser. Otherwise your browser might automatically fill certain fields (for instance, the names and email addresses of your referees) with your own details.

Please refer to the eligibility criteria and read the most recent application guidelines.

COMPLETING THIS FORM

No application will be considered valid without an uploaded manuscript in PDF format.

You may save the content of the form at any time by clicking on the "Save Progress" button, and return to it any time before the deadline. When you are ready for the final submission, go to the "Submit Form" tab, check the "Form complete" box and click on "Submit form".

Take special care not to exceed the **word count limits** imposed on certain fields, and to complete all required (*) fields before final submission. Your application **cannot** be submitted as "complete" with those limits exceeded.

Once you have submitted the form with the "Form complete" box ticked, you will no longer be able to modify your application. However, a printable summary of the entire application will be displayed for your reference upon final submission, and will stay available on your EMBO Applications "home" page afterwards.

Email requests for 2 letters of reference will be automatically sent by the system as soon as complete names and valid email addresses have been entered, and have been marked as "Activate this referee". **Add this information as soon as possible** — even if you have not completed the rest of your application — to avoid unnecessary delays. All letters of reference need to be received by the

SUBMISSION DEADLINE: [REDACTED]

Technical support — If you encounter problems and need technical assistance regarding the online form, please send an email to emboapplications@embo.org. Be sure to state: (1) the operating system and web browser version you are using; (2) whether the problem can be reproduced on another computer/operating system/web browser; and (3) as detailed a description as possible of the problem, including any error messages you see; attach a screenshot illustrating the problem if possible.
