

## Profile Sašo Kočevar

Born 1961 in Slovenia  
I grew up in Germany  
Married, 2 Children (9 and 22)

### Professional Background:

I studied Educational Sciences, Sociology and Philosophy at Heidelberg University.

- 1987-1989 Employed at the Stress Research Group, Faculty of Medicine, Heidelberg University
- 1989-1993 Personal Assistant to the Director of ISAM (Institute for Supercomputing and Applied Mathematics) at the IBM Scientific Centre in Heidelberg
- 1989-1993 Founder and Managing Director of Hadecom Computing and Software Consulting
- Since 1993 Independent consultant in risk-management, insurance and financial planning
- Since 2000 Business Consultant
- Nov. 2003 Foundation of HFP Consulting, Managing Director

### Preferred Training Methods:

- Systemic Transactional Analysis
- Enneagram Training and Coaching
- Sociometry, Sociodrama and Psychodrama

Usually I design courses, seminars and workshops tailored to my clients needs. I prefer to work interdisciplinarily by applying methods that fit best to solve a particular problem or need.

My training approach is rather process oriented than teaching classically from the teacher's desk.

### Selected Consultancy Projects:

- Several OD and TD projects in German medium-sized companies
- EMBO YIP (Young Investigator Programme) Laboratory Management Courses
- EMBO General Laboratory Management Courses
- Leadership training and coaching for independent group leaders based at different universities and research institutes across Europe

### Memberships

- DGTA (Deutsche Gesellschaft für Transaktionsanalyse)
- IAE (International Enneagram Association)
- EMT (Enneagrammlehrer in der mündlichen Tradition)
- Several other business organisations

### Working languages

English, German and when requested also Slovenian

### Private Interests

Family, good cooking and eating, scuba diving, Viet Vo Dao (martial art), networking, development of social projects
